Dean,

Thanks for putting together the attached information in regard to our authorities re: Centreville.

I plan to schedule a call soon to discuss both the quality and quantity aspects of the water issues, which potentially involve drinking water as well – so I will invite Beth too.

Estrella and Dean,

For Mike's benefit, please put together a one-pager or so that describes the authorities we have in regard to a situation like Centreville's, and any other related information.

Thanks!
